Thank you for purchasing Nokia WiFi Beacon 2

1. Download the mobile app

Download the Nokia WiFi app to set up your Beacon, or follow the steps in this guide.

2. Plug in and power on

Plug in the power adapter and connect it to your Beacon. Press the power button to turn it on.

3. Connect Ethernet

Plug the Ethernet cable into the blue WAN port on your Beacon.

4. Connect modem

Connect the Ethernet cable into a LAN port on the modem and restart it.

61000010869

5. Wait for the blue-green light

The Beacon's LED light will turn blue-green when it is ready.

6. Place additional Beacons

Use the Nokia WiFi app to set up additional Beacons. They should be placed no further than two rooms apart.

7. Connect to Wi-Fi

Connect your devices using the SSID and Wi-Fi Key shown on the bottom of the beacon.

Enjoy your Wi-Fi network

Your system may reboot after setup to optimize your network settings to your environment. This will take a couple of minutes and your network will be temporarily offline.

Download the mobile app to manage your network. For more information visit the Nokia WiFi Help Center - <https://wifi-helpcenter.nokia.com>
